Statement on Commitment to The Presidents' Pledge from Sister Anne Munley, IHM

I am honored to take The Presidents' Pledge to end global poverty. I hope that my commitment, joined with those of other college and university presidents, will demonstrate that positive actions can and do make a powerful difference for the life of the world. It can be easy to say that global poverty is too big an issue—that it is beyond our sphere of influence to change. Instead of ignoring what seems difficult or beyond hope, each of us has the capacity and the capability to act, to educate, and to empower. We can do amazing things when we work together.
